From the desk of Ms. Leary, Assistant Principal

We are so thankful that the spring weather has finally caught up with the calendar. We have had a busy week as teachers have begun some of their end of the year assessments and we look forward to many of the end of year ceremonies and celebrations. BUT—there is still a lot of teaching and learning ahead and we appreciate all of your efforts in helping the students stick with their school routines.

Check the calendar for upcoming events. As always, please do not hesitate to contact either Mr. Crowell or myself with any questions.

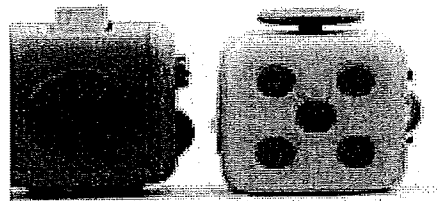

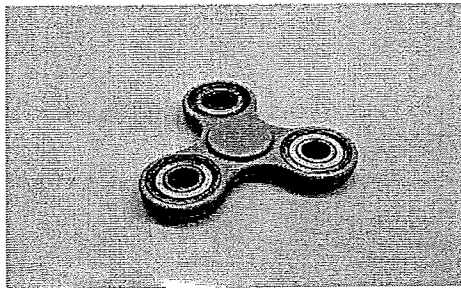

Day Care News

There are still a few spaces left in our summer program which runs from July 3rd through August 25th. We are open Monday through Friday from 7:15am - 5:30pm. Registration forms went home 4 weeks ago. However, if you are interested and you don't have it, just give us a call and we will send one home with your child. For those parents and guardians that have already registered their children, the next round of paper work should be ready to go home on Monday, 5/22 or Tuesday, 5/23. As always, if you have any questions, please contact Karen Mauro at 508-760-5613. Thank you.

Fidget Spinners and Cubes

Per Mr. Crowell, please do not send your children into school with fidget spinners or fidget cubes. They have become a distraction and are no longer allowed in school.

Thank you.

News from the Clinic

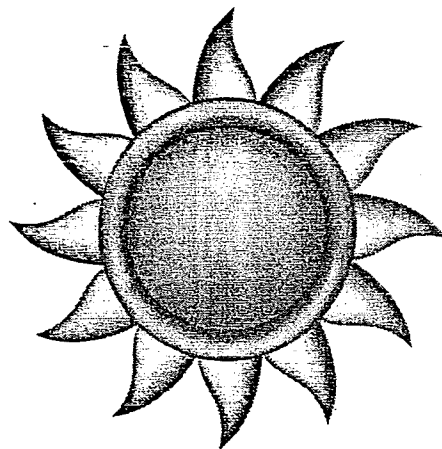

Hello SAE families. I would like to bring to your attention what seems to be the latest health problem here in the clinic. As you may have seen on the news, we have begun to see students with a rash that has been attributed to the Gypsy Moth caterpillar. The rash is a contact allergic reaction to the caterpillar's fur. It starts at what appears to be red itchy bites, and then spreads to a rash. The rash is not contagious, but is uncomfortably itchy. If your child contracts the rash, please consult your child's physician for treatment.

On another note, with the weather turning warmer please encourage your students to stay hydrated by drinking a lot of water. Dehydration can cause many preventable health problems. Also, students should apply sunscreen at home with all our outdoor activities that are planned during the next few weeks. School nurses are not allowed to apply sunscreen at school.

Sharon DiPrete, RN

Triathlon Schedule

Please see the back page for the triathlon schedule. Thank you.
