**Public Hearing:**

**A. Presentation of FY22 Budget**

Kenneth Jenks, Assistant Superintendent of Administrative and Business Services; Carol Woodbury, Superintendent

Mr. Jenks began the presentation; stating that the School Committee voted a tentative budget at the January 25, 2021 meeting. Superintendent Woodbury then reviewed the District's enrollment data and selected populations including diversity, equity and inclusion. High needs students make up 60% of the district population and many of them have learning gaps that need to be addressed. The superintendent referenced the College Plans slide; many of the District's students choose 2-year public college; they continue to live at home while earning a degree. 82% of Dennis-Yarmouth students choose to continue some kind of schooling after graduation; 28% of Dennis-Yarmouth students enroll in Advanced Placement classes while in high school. Mr. Jenks then continued with the FY22 Budget Timeline Key Dates. He told the Committee that the final budget can be refined/changed right up until town meeting. He referenced the Foundation Enrollment slide; noting that Yarmouth is responsible for approximately 2/3 and Dennis is responsible for approximately

1/3. The state just released foundation numbers. There is a large increase in homeschooling this year due to the pandemic. The superintendent said that we wait for the minimum required contribution; our 2 towns always contribute more than the minimum.

Mr. Jenks then referenced the Covid-19 Update slide; noting that 80% of our K-7 students are participating in onsite learning. Increased costs were for Personalized Protective Equipment; extra cleaning and disinfecting; iPads for all students; and additional staff to comply with the 6-foot distancing protocols the District has been following. Will the next school year be 3-foot or 6-foot distancing? He then reviewed the FY22 Revenue Updated Revenue. He then reviewed the staffing variables; will there be one teacher with 20 students or two teachers with 10 students each? We are waiting for CDC and state guidance. The 4.26% increase is baseline if the district chooses to use 6-foot distancing. There could be potential adjustments of about \$300,000 if 3-foot distancing is approved and implemented. He noted that there is a minimal increase in health plans.

Chair Landers thanked Superintendent Woodbury and Assistant Superintendent Jenks for the presentation and opened the meeting to Public Comment. She said that if there were questions which could be easily answered in this forum that she would allow it; any complicated questions would have to be followed up on. She said that each speaker would be limited to 3 minutes.

**B. Public Comment**

Heidi Ames, 4<sup>th</sup> grade teacher at Wixon, expressed concern that special needs teachers at Wixon are being utilized as classroom teachers. Vida Morris questioned the decline in enrollment of 198 students. Mr. Jenks said that usually there are about 30 homeschooled students; this year there are close to 100. He feels that many of these students will return after the pandemic. Ms. Morris also commented on the utilities section of the budget and wondered if that could be separated out to better reflect the savings realized by the solar arrays. Mr. Jenks said that he would be able to get that information. Marjorie Burke Hayes, a district employee, said that speaking as a parent she has great concerns about the effect the pandemic is having on children. She would like to see a timeline so that parents can plan for next year. Chair Landers said that this discussion is for another time; that right now the public comment concerns the budget. Superintendent Woodbury said that over 80% of our K-7 students are learning in person; the high school has 66% of students in person on any given day. She recommended the parent contact the high school principal. She said that decisions regarding next year will be guided by the governor and the DESE. Michelle Dunn, DYEA, seconded the comments made by Heidi Ames. She also asked that a social worker be reinstated at the high school. Eileen LePain, district teacher, shared that she is very grateful to be in the classroom in-person with her students.

**C. School Committee Comment**

Mr. Tierney said that the high school is hybrid due to the 6-foot distancing requirements. The goal is to get as many students back to in-person as possible. He also feels that the decline in enrollment is temporary and that many of those students will return to the District.

Tainan Nunes wants to see money allocated toward the mental health of students. He said that they are doing the best they can in difficult circumstances. He agrees that a social worker is needed at the high school.

Mr. Glynn asked about the Student Opportunity Act (SOA) money as well as the Excess and Deficiency. He also mentioned the Cape Cod Municipal Health Care increase/reduction.

The superintendent said that the SOA is similar to a grant and that it does include funds for mental health services. The assistant superintendent said that they had expected a 5% increase for insurance and it ended up being around 2%.

Grace LePain shared her agreement with Tainan; students are struggling with mental health issues.

Chair Landers spoke about decreased enrollment and contractual obligations. She is also concerned about student mental health. Mr. Morris concurred. Mr. Jenks said we will know in a couple of weeks about ESSER money.

Superintendent Woodbury added that one thing to remember is the reason the Student Opportunity Act was put in place is because the state realized that the foundation budget was inadequate. It is a 7-year roll-in. A plan for the funds includes monies for mental health issues. The legislature wants to make sure that districts are taking this seriously.

Mr. Tierney said he hopes for a timeline to be shared at the February 22<sup>nd</sup> meeting. A 4.26% increase is a big hit.

D. Close the Hearing

At 7:55 p.m., Jeni Landers, Chairperson, closed the public hearing.

**Reports**

DYRSD School Committee Student Representative – Tainan Nunes

Tainan introduced Grace LePain, the new student representative to the School Committee. Grace is very interested in student advocacy. Students are now in the third term of the school year. Everyone continues to be Covid safe and Yarmouth has recently moved from Red to Yellow. Tainan shared an email from fellow student Jacob Joy: There will be a mural installed at the high school library comprised of 200 boxes, each containing a Zoom avatar, which will represent student diversity and inclusion. The installation will be under the direction of Art Department Chair Mrs. Da Rocha. Grace LePain thanked everyone for their kind welcome. She is involved in a group called *Girl Up*; they are involved in fundraising for charitable works such as gifting bicycles to girls in Guatemala.
